

1) Jesus Set Me Free

I sing a song of God's authority
I am released from the bonds of slavery.
Eternal peace and joy are now my own.
Jesus set me free.

Chorus:

Jesus has set me free,
Jesus has set me free.
Free from Satan's bondage and its misery.
Jesus set me free.

Jesus now is everything to me.
He forgave my debt and paid the fee.
All of my sins He took upon Himself.
Jesus set me free.

Now I live as a child of the King,
Knowing He is soon returning.
All that I am sings hallelujah.
Jesus set me free.

2) We Humble Ourselves

We humble ourselves before you,
We come in true repentance.
We bow down and seek your face,
And we leave our sinful ways. (2x)

Chorus:

Come into our midst,
And listen to our longing, O Lord.
Heal our land surround us with your presence,
Root your truth in us, your truth in us.

We place our lives in your hands,
And renew our promises to you.
No matter how dark all our sins were,
There's forgiveness in your blood.
Chorus

We lift our hands in your name,
We lift your name on high.
Come and fill us with your presence,
May your spirit dwell within us.
Chorus

3) Forgiven

You restored the leper, raised the dead to life,
Made the lame man walk and gave the blind man sight.
You say those who weep now, blessed shall they be.
I have tears aplenty; will blessings come to me?

The host at the table is stern in word and form.
As I creep up closer he looks at me with scorn.
Yet I keep my eyes fixed, only on your face.
The scorn I see in his eyes in yours there's not a trace.

As I stand behind you my words all disappear,
In your holy presence, all I have are tears.

As my heart is melting, I fall down at your feet.
Will you give your mercy to such a one as me?

You speak with the host now he's angry that I came.
He thinks you'd reject me if you knew all my shame.
Wonder of all wonders, now I hear you say,
"Her sins are forgiven for she loved much today."

4) Christ is Risen

Jesus carries all our grief, and forgives our many sins.

In his wounds, we are healed, He's the source of peace. (2x)

Chorus:

Christ is risen from the dead; He is risen indeed. (2x)

Jesus broke power of death, when he rose in victory,
He's the light in our lives, so that darkness has to flee.

If the cross had put an end, to the story of your love,
I would not be here to sing, Christ is risen from the dead!

5) Emmanuel

God, Your people declare our faith in you alone,
On your steadfast promises we stand.
You're our shepherd and all we have
And you hold us in your mighty hand.

Chorus:

Emmanuel, Emmanuel, our God is with us evermore. (2x)

Be not surprised when war is waged against you.
This is proof God's spirit is with you.
Only He can satisfy,
Only He can fill your longing soul.

God your people feast upon your living word,
It's a lamp upon the path.
Comforter and counselor,
Light our way and guide our steps.
Chorus

6) Oh My God

You died in my place, and you carry all my burdens
And you pray for me in heaven.
My wasted life you bought it, and my wandering heart you
found it
And you opened up my eyes.

Chorus:

Oh my God--my heart bows down to you,
Oh my God--my heart submits to you,
You're the lamb, slain for me.

All glory and honor, and majesty surround you,
I'm set free by your living word.
You have might, you have power, You created the heavens,
Yet your love reached down to me. (back to Chorus)
